PERSONAL PROFILE:

I'm a recent BA Film graduate seeking an entry-level role in **film and scripted TV production**, particularly as an **Assistant Director Trainee**, with a strong interest in **Camera and Floor Runner roles**. Through student film sets and a production internship across Cardiff and Malaysia, I've built hands-on, on-set experience that has sharpened my organisation, attention to detail, and communication under pressure. This experience has given me a genuine passion for the industry and a strong drive to build a career in it.
